Please respond to ALL of the questions in the following sections.

PART III: SUPPLEMENTAL INFORMATION

1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.

The purpose of this amendment is to add \$120,000.00, so that the provider can offer services to additional individuals working for Maine organizations and agencies who need the support.

This contract was part of the ECOVID grant proposal. The Provider will develop and deliver free employee stress management, wellness, and resiliency support sessions to employees working for Maine organizations and agencies responding to the COVID pandemic that lack Employee Assistance Program or other wellness supports.

2. Provide a brief justification for the selected vendor to supplement the response in Part II. Reference the RFP number, if applicable.

This project is part of the StrengthenME initiative. StrengthenME is Maine's behavioral health and resiliency response to the COVID-19 Pandemic. In June 2020, the Department began working with another provider to develop a contract which would ensure Maine organizations and agencies responding to the COVID pandemic would have sufficient access to an Employee Assistance Program or other wellness supports. The terms of the contract could not be fully negotiated. The Department considered other types of procurement, however, due to the short timeframe and immediate need for these services, the Department determine a complete procurement process would not suffice. Therefore, the Department researched other potential providers and was able to negotiate a successful contract with Affiliated HealthCare Management to ensure Maine organizations and agencies responding to the COVID pandemic will have sufficient access to an Employee Assistance Program or other wellness supports for the immediate COVID-19 related needs (refer to the Governor's Proclamation of State of Civil Emergency to Further Protect Public Health).

Workforce EAP through Acadia Healthcare is the only full-service employee assistance program in the state of Maine. With offices in Portland and Bangor – as well as a network of licensed mental health counselors throughout Maine – they are readily equipped to deliver quality stress management, wellness and resiliency support services, and to show a commitment to accessible, culturally sensitive, client centered care.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

The rates are based on upon negotiated costs and are in line with similar employee wellness trainings/initiatives.

4. Describe the plan for future competition for the goods or services.

The Department does not intend to RFP this service as it is for a limited period and only available due to the COVID-19 pandemic and recovery.

PART IV: AMERICAN RESCUE PLAN ACT (ARPA) / MAINE JOBS & RECOVERY PLAN (MJRP)
