PART III: SUPPLEMENTAL INFORMATION

1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.

This agreement aims to provide temporary support for services necessary to ensure the equitable distribution and uptake for COVID-19 vaccines for underserved communities including, but not limited to, Tribes, racial and ethnic minority groups, rural communities, individuals that identify as LGBTQ+ or people living with disabilities, and those living on the margins of the economy. Vaccine support includes assessing needs, implementing community engagement strategies to promote vaccine, increasing vaccine confidence through education and outreach, and activities to ensure the equitable distribution and administration of vaccination.

The purpose of these amendments is to continue COVID-19 vaccination support services until 12/31/2022.

2. Provide a brief justification for the selected vendor to supplement the response in Part II. Reference the RFP number, if applicable.

The Department has determined these Providers are willing and qualified based on their ability to provide the necessary services to safely isolate and quarantine. The providers have a history of providing such services and have the capacity to meet the requirements of the deliverables. The providers are trusted in their communities to assist the Department in achieving equity in the COVID-19 vaccination program.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

The Department has reviewed the costs associated with these services for fairness and allowability. The funding was partly based on proposals from the organizations, including information about the number and types of outreach/education activities they will provide, the number and type of community engagement activities they will provide, and the number and kind of equitable distribution and administrative activities they will provide. The Department also considered past performance on contracts/ reporting, geography, and distribution of funds to directly impacted communities across Maine. Funds were allocated based on the organization's quarterly expenditures budget forecasting until 12/31/2022.

4. Describe the plan for future competition for the goods or services.

The Department does not intend to RFP these willing and qualified services.
