Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non- competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

Maine Department of Labors Consultation and Enforcement programs 21d and 23g are federally funded. SafetyWorks! is required to use OSHA's Information System (OIS) as a requirement of the grant. Through this Program Region I and Washington DC can keep track of the programs they fund. SafetyWorks! currently has sixteen users making the bill \$6032.00. OIS allows Region I to track CNS metric reports, consultation customer service reports, hazard correction reports, compliance assistance activity reports, consultation evaluations, quarterly MARC reports, consultation annual project plan and RACER report.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

The State of Maine would have to develop and implement a compatible program which could cost millions.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

All States get an annual bill for the program use- all costs are included in our grant.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

There are no other programs for \$5720.00 a year.

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

All OSHA programs, rules, regulations report forms, enforcement reports, training material and consultation reports are included in the program. Which is a requirement of the 21d & 23g federal grants.

7. Timeframe

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.

Bill is due March 3rd, 2019
