Please respond to ALL of the questions in the following sections.

PART III: SUPPLEMENTAL INFORMATION

1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.

Maine adult education programs provide critical educational services for adult learners to prepare them for post-high school education and training. Programming in foundation academics, employability skills, and skills for success in college, career, and life, supports the college and career goals for adult students and assists them in their paths to a credential of value and high-quality employment. Most high-growth jobs in Maine require a credential beyond high school, and by 2020, 66% of jobs will require a credential (Educate Maine, Education Indicators for Maine Report, 2017). Increasing access and persistence to post-high school education and training is necessary for a strong Maine economy and workforce.

College transitioning programming, as part of a career pathways program, are part of the definition of adult education in Maine Statute. The Workforce Innovation and Opportunity Act (WIOA), under Title II—Adult Education and Literacy, includes in its purposes to “assist adults... in the transition to postsecondary education and training, including through career pathways...”

This funding will allow the vendor to provide targeted service to enhance programming for student transitions to college and career.

2. Provide a brief justification for the selected vendor to supplement the response in Part II. Reference the RFP number, if applicable.

Funding was provided to Maine adult education programs to support academic and workforce programming. The vendor is a Maine adult education program that currently provides academic and workforce services to adult learners, including services that support the transition to an education and training program that results in a credential of value and/or high-quality employment.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

The state office of adult education distributed \$33,333.00 to each of its nine regional hubs.

4. Describe the plan for future competition for the goods or services.

This funding is a one-time allocation.
