PART III: SUPPLEMENTAL INFORMATION

Please respond to ALL of the following:

1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.

This RQS is for the manufacturing of work surfaces for the remodel of the Calais branch, including 3 service counters and other work surfaces for throughout the branch. These are custom designed and built work surfaces that need to be built to precise requirements and measurements.

PART III: SUPPLEMENTAL INFORMATION

2. Provide a brief justification for the selected vendor to supplement the response in Part II.

For this project, a vendor was needed that could manufacture the work surfaces to precise specifications and of good quality. Within the past year for an identical project for another branch, a number of different vendors were approached about manufacturing these work surfaces, including a past vendor – Windham Millwork; only one, Central Maine Cabinetry, replied that they were interested, qualified, and available. This vendor has demonstrated the ability to provide a good quality product in a reasonable time and now has previous experience with these unique products. In addition, these work surfaces are part of a larger remodel related to a lease renewal, and the work is under a time-line that necessitates a vendor who can do the work in a timely manner.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

The rates being used are consistent with past invoices from other vendors.

4. Describe the plan for future competition for the goods or services.

Will continue to consider the work needed and the most efficient and cost-effective manner to meet business needs; will consider bid process if project warrants and time allows.
