D. It appears to be in the best interest of the State to negotiate for the procurement of petroleum products;			
E. The purchase is part of a cooperative project between the State and the University of Maine System, the Maine Community College System, the Maine Maritime Academy, or a private, nonprofit, regionally accredited institution of higher education with a main campus in this State involving: (1) An activity assisting a state agency and enhancing the ability of the university system, community college system, Maine Maritime Academy, or a private, nonprofit, regionally accredited institution of higher education with a main campus in this State to fulfill its mission of teaching, research, and public service; (2) A sharing of project responsibilities and, when appropriate, costs;

x	If a different authorization specifically allows for this non-competitive procurement, please provide that reference here:	United Bikers of Maine identified in the 2019 MeBHS Highway Safety Plan as the vendor for this approved federal grant project.

**Please note that the following four points below (#2 through 5) all require a response.**

**2. Description of Specific Need**

Please identify, and fully describe, the specific problem, requirement, or need the resulting non- competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

United Bikers of Maine was identified in the FFY2019 Maine Highway Safety Plan as the sub grantee for FFY 2019. The highway safety plan is a federal application for funding to the National Highway Traffic Safety Administration. The highway safety plan serves as the Maine Bureau of Highway Safety's federal application for funding. As a condition of receiving the funds for this project United Bikers of Maine must be the sub grantee as they were identified in the plan as the organization to administer this project.

**3. Availability of other Public Resources**

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

Our Bureau doesn't have sufficient staff to produce and coordinate this project, United Bikers of Maine has the experience and expertise to produce and negotiate the necessary public service announcements for TV and radio for motorcycle safety in Maine.

**4. Cost**

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

Estimated cost: \$33,874.25

**5. Future Competition**

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

N/A see uniqueness description below.

**Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.**

**6. Uniqueness**

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

This is a unique circumstance because United Bikers of Maine was identified in the FFY2019 Highway Safety Plan which is the Highway Safety Office's official application for funding to the National Highway Traffic Safety Administration. The Motorcycle awareness was an identified project and was approved thus making the need for a sole source contract with United Bikers of Maine.

**7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)**

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
