PART III: SUPPLEMENTAL INFORMATION

2. Provide a brief justification for the selected vendor to supplement the response in Part II.

OPA software support for issue troubleshooting/resolution and security patches. Support only provided by OEM/Oracle America. Requires software support to preserve software upgrade rights. Software must be kept current to interoperate with other Oracle software packages.

The software support renewal also included Oracle Weblogic middleware. OIT owns many licenses for Weblogic. This software package needs to be kept at similar release levels for system management purposes.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

Purchasing through Oracle eliminates the software reseller fee of 1.5%. Master contract for Oracle software reseller still in negotiation and not available as of Feb. 14, 2020. Cost rebilled from OIT to DHHS.

4. Describe the plan for future competition for the goods or services.

Will compare cost of direct OEM vs software reseller cost.
