Please respond to ALL of the questions in the following sections.

PART III: SUPPLEMENTAL INFORMATION

1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.

The Maine Bureau of Motor Vehicles does digitization of motor vehicle documents through a process known as document management, which requires the scanning of documents. This process requires an OnBase software product. OnBase serves as the database repository for images. By digitizing its documents, the Bureau of Motor Vehicles can realize considerable savings in time, personal costs, and paper.

2. Provide a brief justification for the selected vendor to supplement the response in Part II. Reference the RFP number, if applicable.

The Document Management process currently used at the Bureau of Motor Vehicles is processes to digitize Bureau of Motor Vehicles documents using scanned images. Law enforcement and the Courts are dependent upon the data that the Bureau generates in its current form.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

The savings derived from digitizing documents is considerable as compared to copying paper documents and emailing the documents to people. The software for which maintenance is being requested is significantly less than purchasing new Document Management equipment and software that would have to be adapted to Bureau of Motor Vehicle processes.

4. Describe the plan for future competition for the goods or services.

As a result of technical training and having several certified technicians on the Bureau of Motor Vehicles staff, Hyland is now going to allow us to come directly to them for this maintenance.

PART IV: AMERICAN RESCUE PLAN ACT (ARPA) / MAINE JOBS & RECOVERY PLAN (MJRP)

Does this request utilize ARPA/MJRP funds?

Yes – If Yes, please attach the approved Business Case(s).

No – If No, proceed to Part V.
