PART III: SUPPLEMENTAL INFORMATION

1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.

This Professional Development Network (PDN) contract meets requirements outlined in the federal Child Care Development Fund Block Grant and Title 22 M.R.S.A §3732 by providing statewide training, technical assistance, consultation, career, and degree attainment opportunities for all early childhood professionals to provide safe, high quality, inclusive early childhood programs to Maine's children. The PDN also operates a public facing website used by parents to locate child care and a database that produces data on the workforce needed for annual federal reporting.

PDN increases knowledge and professionalism of all Child Care Providers in the State including: Child Care Centers, Family Child Care Providers (FCC), Head Start programs, School-age Child Care Programs, and Family, Friends, and Neighbor (FFN) (license exempt) programs; as well as increase overall accessibility and affordability of Child Care Services. The PDN contains the system evaluation and delivery of services for Child Care Providers including training, technical assistance, and the database system, which is available to all Child Care Providers located in the State.

The Preschool Development Grant Birth Through Five (PDG-B5) is a grant available to states to support early childhood services for children birth through age five (5). There are two (2) types of PDG-B5 grants: Initial grants support states in conducting a comprehensive statewide birth through five (5) Needs Assessment followed by in-depth strategic planning; and renewal grants providing funds to states to carry out the Activities in their Strategic Plan. On 12/30/2022, Maine was awarded \$8 million per year for three (3) years, through the Preschool Development Grant Renewal (PDG-R). The grant is a partnership between the Maine Department of Health and Human Services (DHHS), the Maine Department of Education (DOE), and the Governor's Children's Cabinet.

The DHHS was selected by the Mills' Administration to oversee and manage this renewal grant. Staff at DHHS' Office of Child and Family Services (OCFS) are responsible for operating both the new Help Me Grow program and the Child Care Development Block Grant which includes the Child Care Subsidy Program, Maine Road to Quality Professional Development Network, the Quality Rating System, and licensing and background checks for child care providers. In addition, OCFS staff, in partnership with DHHS' Chief Health Officer, oversee social and emotional behavioral health services for young children and their families. Lastly, DHHS operates most programming for vulnerable young children including TANF, child welfare, maternal and child health, home visiting services, public health nursing and Medicaid. The PDG-B5 grant is an integral part of the services provided to young children and families in Maine. Specific goals for the PDG-B5 include,

- Strengthening the Early Care and Education Workforce
- Improving parent engagement and leadership
- Better align Maine's Early Childhood Education System with the Early Elementary years to ensure better preparation for Kindergarten and ensure smoother transitions into Kindergarten
- Increase quality Early Childhood Care and Education programming
- Expand public Pre-K slots in communities with limited or no public Pre-K
- Build an Early Childhood Integrated Data System (ECIDS) to inform policy decisions

Procurement Justification Form (PJF)

2. Provide a brief justification for the selected vendor to supplement the response in Part II. Reference the RFP number, if applicable.

The Provider was originally awarded under RFP 201702020 which ended on 6/30/2022.

In the previous contract, CFS-22-618, the Department was approved for an additional three-month extension of Renewal Period #2 (originally ending on 6/30/2022 bringing it to 9/30/2022), to allow the contracts resulting from the upcoming RFP to align with the Federal Fiscal Year, starting on 10/1/2022. It was then extended for an additional twelve (12) months to add ARPA Discretionary funds to stabilize child care services through enhancing incentives and supports. Without this extension, there would not have been sufficient time to complete an RFP process, negotiate a contract, and allow the Provider adequate time to use the funding before it expired on 9/30/2023.

The Department will continue this contract through 12/31/2025, in order to continue Maine's commitment to strengthening the early childhood system and to foster the strong cross-agency work of the DHHS, DOE, and the Children's Cabinet as outlined in the PDG B-5 grant.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

As part of the RFP scoring process there was a comparison of the costs and rates of the submitted bids. The costs and rates of this vendor were considered fair and reasonable and the best value for the Department.

The costs for the new Preschool Development Grant (PDG) work were negotiated with the provider. The costs were reviewed by OCFS, DOE, and GOPIF project leadership and determined to be fair and reasonable.

4. Describe the plan for future competition for the goods or services.

The Department intends to competitively procure these services with a 1/1/2026 contract start date.
