Please respond to ALL of the questions in the following sections.

PART III: SUPPLEMENTAL INFORMATION

1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.

Per Maine Statute 20-A, §6451, the Department of Education shall provide training to Maine schools for the purpose of completing vision and hearing screening of school age children. Department of Education staff does not have the capacity to develop an ongoing, online, training system for all school nurses within the state that will be conducting these screenings.

Without training, children and students participate in vision screening with different tools and procedures depending on where they reside, which schools they attend, or even just the experience of staff in the school. This results in potential under-referrals and inconsistencies that allow for inequalities in children's vision, eye care, and eye health in the state of Maine.

2. Provide a brief justification for the selected vendor to supplement the response in Part II. Reference the RFP number, if applicable.

School Health Associates, LLC mission is to ensure the health and safety of every child while they are at school. School Health Associates, LLC is in the business of providing professional development, continuing education, other tools and consultation to school administrative units, including school nurses, to improve student health services provided at the local levels.

Their experience includes working both at the national level and at the individual state level, to develop courses that meet the specific health education needs of the grantor.

Discussed with DOE and there are no other pre-existing learning options for school nurse vision screening.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

The one-time cost of this online vision screening module is \$5800. This learning module will be accessible to all school nurses statewide with unlimited opportunity to review the materials as needed at no additional individual cost. One-hour learning modules created by the National Association of School Nurses typically cost \$20 per person. Other vision screening training programs are approximately \$100 per person. The learning module will provide nursing continuing professional development credits to those that successfully complete it and is a reasonable cost given its potential use.

4. Describe the plan for future competition for the goods or services.

The ongoing evidence base of this online module will be evaluated by the Maine DOE Office of School and Student Supports, Coordinated School Health Team every two years and investigation into the cost of updating as needed will be negotiated at that time.

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, Carahsoft OBO Maine Office of Information Technology (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.
