### PART III: SUPPLEMENTAL INFORMATION

1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.

This vehicle was damaged in an accident with a deer rendering it inoperable. This vendor supplied a complete estimate with the lowest labor rate based on initial inspection in the vehicle's/driver's region of the State.

2. Provide a brief justification for the selected vendor to supplement the response in Part II. Reference the RFP number, if applicable.

The vehicle was towed to this vendor after being incapacitated in an accident. To provide the most accurate estimate, it is necessary to remove/inspect damaged portions of the vehicle to identify needed repairs. Other vendors will not go to a competitor to perform an inspection for an estimate. It would be cost-prohibitive to tow to other vendors for additional estimates.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

CFM has a vast Statewide network of approximately 400 vendors. Choosing this vendor includes factors such as location & proximity to the vehicle, reputation, past pricing and experience, and vendor's ability to repair in a timely manner to avoid costly downtime for the State Agency. 4. Describe the plan for future competition for the goods or services.

N/A-this is for an emergency repair that is not planned. CFM always seeks multiple estimates when available and prudent in the close proximity to the vehicle's location. [Click or tap here to enter text.](#)
