Please respond to ALL of the questions in the following sections.

1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.
In order to support state and local government actors to meet the problems faced by historically disadvantaged populations, it is necessary to have a baseline understanding of those issues and shared language to facilitate collaborative solutions. The Groundwater Institute (GWI) provides a unique immersive training that explores the historical and cultural contexts for the inequalities that exist today. Their training is unique and has recently been rolled out as a series of in person events for Maine leaders specifically.
2. Provide a brief justification for the selected vendor to supplement the response in Part II. Reference the RFP number, if applicable.
The vendor is the fiscal sponsor for the GWI Maine-specific trainings taking place over the following year. They are currently the only vendor that is sponsoring this work through the coordination of the training and working with participants to support sliding scale fees. At this point in time, they are the only vendor that is coordinating this unique training taking place in Maine.
3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.
The entirety of the costs will go towards financial support for state and local government policy makers and policy implementers to attend this training. Funds will only be used to facilitate attendance for those who do not otherwise have the financial resources through their departments or agencies to attend. Much of the coordinating work is undertaken by host committee members acting in a volunteer capacity. Rates for the training are aligned with the market standards based on other training of this length and depth.
4. Describe the plan for future competition for the goods or services.
After this contract, the Permanent Commission will reassess whether to continue with a sole-source provider or initiate a competitive RFP process based on impact and sustainability.
