competitive procurement, please provide that reference here:

Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non- competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

Boundary Survey is needed at Dresden Bog WMA as the property lines are in question. This has potential to cause issues with abutter encroachment leading to challenges with managing the property. The work also includes identifying a right of way for management purposes. By locating and marking the boundary citizens of the state of Maine will be able to use the property as intended as well.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

This project requires licensed professional surveyors. We have no licensed surveyors employed or available from state employees to complete this work for Inland Fisheries and Wildlife.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

We solicited 3 quotes for the proposed project. One did not respond, and of the two that did one was significantly lower. More importantly the lowest quote was from a surveyor who has proprietary information from previous surveys and work they completed in the area. They have previously surveyed a portion of this parcel prior to MDIFW owning it allowing them to save effort and time conducting the project. They also have done various surveying work on other parcels in the area previously that would be required in determining locations of the boundary of the subject parcel. They have this information on file as privately held data. This will also lessen the time required and hence the cost of labor to complete this project.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

Inland Fisheries and Wildlife occasionally needs boundary surveys preformed. We would always seek to find the lowest cost by soliciting multiple quotes or utilizing an RFP.

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

See cost for more information. The specific vendor indicated has previous survey efforts and data associated that is not publicly available that would reduce the amount of work needed to complete this project. They also have familiarity with the area and associated town lines that would quicken the process. Reducing the time spent to complete the project will reduce the cost.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.

Signature of requesting Department's Commissioner or Chief Executive (or designee within the Commissioner's Office):

By signing below, I signify that my Department requests, and I approve of, this Waiver of Competitive Bidding.
