Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need
 Please identify, and fully describe, the specific problem, requirement, or need the resulting non- competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

The Agreement provides legal services relating to Medicaid issues as authorized by a letter from Attorney General Aaron Frey. The authorization allows OMS to retain the services of Brown & Peisch to provide effective legal counsel to the Department on Medicaid issues, including participation in the Brown & Peisch Joint State Advisory Service, and for miscellaneous legal Medicaid advice.

3. Availability of other Public Resources
 Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

The Maine Attorney General's office has several assistant attorney generals who are knowledgeable about federal Medicaid. It is sometimes advisable to seek assistance from Brown & Peisch because it offers a national perspective from state Medicaid programs, and a unique understanding of, and working relationship with, the Centers for Medicare and Medicaid Services (CMS), which oversees the Medicaid program. Brown & Peisch often represents states in federal Medicaid lawsuits, offers comments on CMS rules on behalf of states. Please note that Brown & Peisch advice is used to supplement, not replace, the advice from the Maine office of the Attorney General.

4. Cost
 Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

Rates are reasonable compared with other law firms' rates.

5. Future Competition
 Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

The Department does not intend to RFP this service.

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

Brown & Peisch is a national law firm specializing in federal Medicaid issues. Many states use Brown & Peisch services for assistance with Medicaid issues, which by their very nature are complex. Brown & Peisch has the unique qualifications of being knowledgeable about the federal Medicaid laws and regulations, upcoming challenges to those laws and regulations, and is knowledgeable about many states' Medicaid programs. The state spends a large portion of its budget on Medicaid. Medicaid programs are vulnerable to challenges by the federal government (in the form of CMS or Office of Inspector General audits and recoupments), legal challenges by Medicaid providers and Medicaid recipients. Such challenges could be worth millions of dollars and it is expedient for Maine to utilize the best legal advice available, which includes Brown & Peisch.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
