## 2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

Cancer is a leading cause of death in Maine. The Maine CDC cancer programs have an obligation to create a cancer prevention plan for Maine and this should be done in collaboration with a cancer coalition.

## 3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

The Department currently lacks in-house staff with adequate experience and capacity to meet specific meeting facilitation requirements of the National Cancer Prevention and Control Program, Comprehensive Cancer grant. The Vendor provides services to specifically to assist government agencies and public health agencies in delivering cancer awareness.

## 4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

The Department consulted with other agencies to gain perspective on rates and fees for these services and determined that rates negotiated through this Agreement are reasonable.

## 5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

The Department does not intend to continue these services beyond 6/30/2019.

**Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.**

## 6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

The Maine Cancer Foundation is housing the Maine Cancer Impact Network which is a cancer prevention coalition for Maine. The US CDC guidelines states that there must be a collaboration with cancer coalitions in developing the state cancer plans. This agreement fulfills that requirement.
