competitive procurement, please provide that reference here:

Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non- competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

The Big Wilson Stream water access facility requires ongoing maintenance to ensure that it provides safe and equitable access, and is not degrading water quality.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

The facility is in a remote area which would require extensive travel and hauling of heavy equipment if Department resources were utilized. No federal or local resources are available to perform the work. The site was completed in 2016 in a location with steep slopes and required significant erosion control infrastructure to ensure long-term durability and meet permitting requirements. The proposed contractor was involved with the design and construction of the erosion control systems and has the necessary equipment to efficiently maintain them.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

The Department compared the cost to similar maintenance contracts.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

The purchase of additional equipment, and staging of that equipment near the facility, could improve the efficiency of utilizing the Departments resources. However, the specialized equipment necessary would likely be cost prohibitive.

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

The vendor worked directly with the Department on the design and construction of the facility and its erosion control structures. The vendor has the necessary equipment to maintain the facility efficiently.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.

Signature of requesting Department's Commissioner or Chief Executive (or designee within the Commissioner's Office):

By signing below, I signify that my Department requests, and I approve of, this Waiver of Competitive Bidding.
