A.	The procurement of goods or services by the State for county commissioners pursuant to Title 30-A, section 124, involves the expenditure of \$2,500 or less, and the interests of the State would best be served;

competitive procurement, please provide that reference here:

Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

We have had many secondary heater coils fail and leak in a short period of time. We are in the heating season and cannot sustain supplemental heating while the system is down. We need to upgrade the failed heating coils and restore heat to the facility.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

The coils are proprietary to Trane USA and are custom built on demand. Other agencies do not manufacture these.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

This is an emergency. We are into the winter season and heating is important to the facility. The coils are proprietary to Trane USA. Other vendors were contacted however, they would purchase the same items from Trane and add their mark-up.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

The coils are proprietary to Trane USA. Other vendors were contacted however, they would purchase the same items from Trane and add their mark-up.

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.

This is an emergency. We are into the winter season and heating is important to the facility.
