competitive procurement, please provide that reference here:

Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

The Office of Information Services within the Bureau of Motor Vehicles [BMV], and the Bureau of Corporations, Elections, and Commission [CEC] use "Go-To-Assist" software to communicate with users outside the firewall. Municipal agents, municipal officers, and CEC personnel remotely connect with and remotely fix users' computer problems. This software is essential to enabling users to conduct business with the State and vice-versa.

To require users, many of whom are municipal agents and officers, to transition to a new software technology will create serious problems for all involved.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

There are other software technologies that can be used, but "Go-To-Assist" has been especially adapted to meet the needs of the Department and its customers.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

The cost per license of "Go-To-Assist" software has not changed since 2010. LogMeIn is offering a discounted rate to the State of Maine for "Go-To-Assist".

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

The Office of Information Services will continue to search for vendors that can provide the same quality of software as "Go-To-Assist" but at a lower cost.

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

"Go-To-Assist" has been especially adapted to meet the needs of Maine's 502 municipal agents and officers as well as the users at the Bureau of Corporations, Elections, and Commissions.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.

Signature of requesting Department's Commissioner or Chief Executive (or designee within the Commissioner's Office):	<i>By signing below, I signify that my Department requests, and I approve of, this Waiver of Competitive Bidding.</i>
