Please respond to ALL of the questions in the following sections.

PART III: SUPPLEMENTAL INFORMATION

1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.

The blank press at the Plate Shop blanks out each plate while cutting out the four bolt holes on each plate after the aluminum leaves the applicator which adheres the aluminum to the license plate sheeting. The blanker is one of the key machines used to make license plates. By statute the prison Plate Shop must make the license plates used in the state of Maine. Without the blanker no plates can be made.

2. Provide a brief justification for the selected vendor to supplement the response in Part II. Reference the RFP number, if applicable.

The blanker is a very complicated machine which requires special insight and training into how the machine functions. The blanker was designed and built by John R Wald Co. There are very few if any other companies that have the insight and training to perform this repair.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

Based on past invoices for similar services the cost for this repair is compatible.

4. Describe the plan for future competition for the goods or services.

To go out to bid for similar services and repair.

PART IV: AMERICAN RESCUE PLAN ACT (ARPA) / MAINE JOBS & RECOVERY PLAN (MJRP)

Does this request utilize ARPA/MJRP funds?

Yes – If Yes, please attach the approved Business Case(s).

No – If No, proceed to Part V.
