### PART III: SUPPLEMENTAL INFORMATION

1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.

Clients who are under the care and custody of the Commissioner pursuant to 15 MRS §104-A require forensic mental health evaluations in response to petitions for any level of release.

The purpose of this contract is to ensure evaluations are completed in a timely manner, ahead of scheduled court hearings.

The Department currently does not have the resources to provide these services for all petitions.

2. Provide a brief justification for the selected vendor to supplement the response in Part II. Reference the RFP number, if applicable.

Evaluators who conduct these types of forensic mental health evaluations must have a doctoral degree (M.D., D.O., Ph.D., or Psy.D), followed by years of specialty training and experience in the forensic arena. These specific evaluations further require a greater emphasis on public safety for individuals already in custody of the Commissioner of DHHS. Dr. LeBlanc previously served as the Director of the State Forensic Service (the office that oversees these evaluations) and has more experience in this area than any other practitioner in the State of Maine.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

The cost of the evaluations for the Not Criminally Responsible clients, who are under the care and custody of the Commissioner are \$800 per evaluation. The cost of court time, due to testimony, is \$250 per hour. This cost is low, in comparison to other forensic evaluators.

4. Describe the plan for future competition for the goods or services.

The Department does not intend to RFP this service, because there is a limited number of qualified practitioners in Maine. Based on current need of evaluations for NCR clients under the care and custody of the Commissioner, Dr. LeBlanc's services will continue to fill a vital need.
