Please respond to ALL of the questions in the following sections.

PART III: SUPPLEMENTAL INFORMATION	
1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.	The Ford F150 Responder pickup is a vehicle the FMO needs for investigators to respond and investigate fire scenes. This vehicle provides the space needed to safely carry the necessary equipment.
2. Provide a brief justification for the selected vendor to supplement the response in Part II. Reference the RFP number, if applicable.	The FMO searched all Maine dealerships for both vehicle platforms. There were none available in the state of Maine and none of the major dealerships had a timeframe on possible future deliveries.
3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.	The Ford F150 responder price is at the average selling price of similar models once available in the state of Maine.
4. Describe the plan for future competition for the goods or services.	Due to limited supply of specific vehicles needed for DPS functions, all of DPS should be looking to receive bids in the future for Hybrid Ford F150 trucks, Chevrolet Tahoe's, and Ford Explorer PIU's, all of which are used throughout the Department.
