	G. The procurement of goods or services involves expenditures of \$10,000 or less, and procurement from a single source is the most economical, effective and appropriate means of fulfilling a demonstrated need.	
	If a different authorization specifically allows for this non-competitive procurement, please provide that reference here:	

Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non- competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

The current contract needs to be extended to 9/30/19 to RFP the current services with a new contract for services starting 10/1/19. These services have been RFPed in the past, RFP# 201411866, 201105191. These services are available to low-income people living with HIV/AIDS in Maine whose eligibility has been determined by the Department and who are active with the Ryan White Part B Program. The Ryan White HIV/AIDS Program (see: <http://www.gpo.gov/fdsys/pkg/PLAW-111publ87/html/PLAW-111publ87.htm>) is a federal "Payer of Last Resort" program that exists to provide coverage, care and treatment for those who have no other source of coverage or those who have exceeded their coverage limits. Federal Ryan White Part B funds are accessed only after a liable third party has met its legal obligation to pay.

The increase in monthly estimated costs in this amendment relative to the original contract period is for pass-through funds, not for the cost to administer these funds. The increase for pass-through expenditures is based on projections from utilization and enrollment data. Also, this extension will move us into a new eligibility period so members who have exhausted their service caps will 'reset' on April 1, allowing them to begin accessing assistance again. This drives the monthly expenditures up.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

The Department does not have sufficient staffing, resources, or expertise available within the State of Maine's government, or other governmental entities to do these services.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

The costs remain within the Department approved allowable Service Reimbursement Costs and Allowable Administrative Costs of the original contract and RFP.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

These services are being RFPed with a new contract starting 10/1/2019 for these services.

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

Medical Care Development is the RFP awardee and current contract holder for these services. They have subject matter expertise with this service and by continuing with the current contractor there will not be a disruption in services.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
