	E. The purchase is part of a cooperative project between the State and the University of Maine System, the Maine Community College System, the Maine Maritime Academy, or a private, nonprofit, regionally accredited institution of higher education with a main campus in this State involving: (1) An activity assisting a state agency and enhancing the ability of the university system, community college system, Maine Maritime Academy, or a private, nonprofit, regionally accredited institution of higher education with a main campus in this State to fulfill its mission of teaching, research, and public service; (2) A sharing of project responsibilities and, when appropriate, costs;

Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

This service was RFP'd in 2017 and the provider's original bid totaled \$4,638,786.00. This BP37WCB is supplemental and intended to justify the cost increase of \$736,207.00 associated with the following additional services:

1. A need for additional subcontracted trainers due to increase in staff being needed for onsite consultation therefore limiting their ability to provide trainings;
2. An increase in the popularity of Community of Practice resulting in more need for subcontractors;
3. The addition of an E-learning position;
4. Support for Quality of ME accreditation for child care programs to continue moving up the QRIS scale; and
5. Marketing for the QRIS system.

The service being provided is the Professional Development Network (PDN) in the State which shall increase knowledge and Professionalism of all Child Care Providers in the State including: Child Care Centers, Family Child Care Providers (FCC), Head Start programs, School-age Child Care Programs, and Family, Friends, and Neighbor (FFN) (license exempt) programs as well as increase overall accessibility and affordability of Child Care Services. The PDN contains the system evaluation and delivery of services for Child Care Providers including training, technical assistance, and the database system, which is available to all Child Care Providers located in the State.

This service creates a system that aligns with the principles of the Child Care System and the Department's responsibilities to the development of that system as defined in Title 22 M.R.S.A §3732.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

The State of Maine does not have the resources to provide this service.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

The increase in cost over the RFP amount is to meet the needs of the expected work for the next two years which includes additional services that falls into the scope of the RFP. This includes additional funds for subcontracted trainers, an e-learning position, and to support Quality of ME accreditation for programs, and quality improvement mini grants and QRIS marketing.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

The Provider won the Award in the 2017 RFP.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
