Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need
 Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

There are some necessary HVAC repairs required at our 221 State Street facility and some of the HVAC pipe insulation contains asbestos materials. These materials will need to be removed in order to facilitate the repairs. The repairs are critical in order to keep the building up and running.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

The State of Maine does not have licensed remediation contractors on staff. We need to contract this work out.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

The cost proposal was reviewed by our AQM consultant and found to be reasonable based on market rates. The work is expected to take place over the course of 3 weeks with a team of staff.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

The best thing would be to work on removing all known asbestos containing materials from all State facilities.

Please note that only one of the two points below (“Uniqueness” or “Timeframe”) requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

There are only handful of licensed remediation asbestos contractors in the State who service this area of the State.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.

The repairs are critical in order to keep the building operational.
