competitive procurement, please provide that reference here:

Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

The landowner of this property currently has access across the Brownfield Bog Wildlife Management Area lands to manage the 9 acres being acquired. This access, including the ability to build roads, is detrimental to the wildlife and public access values of the adjacent MDIFW lands. MDIFW ownership of these lands will not only provide additional protections to the 9 acres being acquired, but will maintain the integrity of the adjacent Wildlife Management Area values for protecting habitat and providing access by the public.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

N/A. The contract is for the purchase of land from a private landowner.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

The value of the land was determined by the town tax assessed value. This figure is in line the per acre values indicated in past appraisal reports of the property.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

N/A

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

This property is owned by a private landowner. No other property can address the specific issues identified above for which this property is being acquired.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
