<p>Please note that the following four points below (#2 through 5) <u>all</u> require a response.</p>		
<p>2. Description of Specific Need</p> <p>Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. 4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

The increase in contract is simply to purchase additional advertising. The increase does not affect the cost that the contractor is charging for oversight and management of the marketing program.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

The Department will consider reissuing an RFP for future marketing contracts given that advertising budget has increased significantly.

Please note that only one of the two points below (“Uniqueness” or “Timeframe”) requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

In the fall of 2018, the MHRC published an RFP for marketing services. At the time the RFP was published, the MHRC did not know what level of advertising funding would be available for the 2019 calendar year and beyond. Two companies submitted credible bids. Both companies bid the same costs associated with the oversight/management portion of the contract. Seven months later, the MHRC has received authorization to expend significantly more funds on advertising, and the industry is advocating for a robust advertising campaign. Accordingly, the MHRC is seeking to increase the advertising portion of the contract only, while the oversight and management portion of the contract remains unchanged.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
