State of Maine Waiver of Competitive Bidding Request Form

Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

The Emergency Food Assistance Program (TEFAP) has grown over the last few years creating a larger need to efficiently facilitate the program. TEFAP's immediate needs necessary to fulfill program are: larger storage for both dry and frozen USDA foods, fleet of trucks and network to distribute USDA foods statewide; field representatives to conduct inspections of non-profits and conduct allocations statewide; data collection and inventory reporting; ability to initiate recalls; regional meetings with ending hunger organizations to conduct training on food safety, civil rights, and best practices; and emergency response capabilities.

Amending scope of work for Trade Mitigation Funds from USDA:

Part I "Agreement Summary", Paragraph A is amended to add the following language: "Additional funds are awarded under the Trade Mitigation Food Purchase and Distribution Program in the amount of \$16,000.00 under CFDA # 10.178. These funds, made available to the Provider under this Amendment, shall be used in accordance with the Terms and Conditions for Funds Available for Storage and Distribution of Trade Mitigation Program Foods."

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

We are staffed with 2 persons at the program office and are federally mandated to pass through 40% of administrative funds to ending hunger organizations.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

Based on current costs associated with warehousing and distribution/trucking throughout Cumberland County. This department concluded not only was it fair and reasonable, but an efficient approach. Off and on for 12 years, the state has subsidized the program to secure the longevity. By collaborating with Wayside Food Programs, the state stands to save at least \$60,000 per year and stop the subsidization. Wayside will also act as an agent for Hunters for the Hungry and facilitate the processing and distribution of wild game at no additional cost.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

There is no other hunger relief organization in Cumberland County with a fleet of trucks, network of agencies, and warehouse with freezer capabilities. Wayside Food Programs also has an efficient model of utilizing volunteers and work release inmates to cut cost and fulfill federal work requirements.

State of Maine Waiver of Competitive Bidding Request Form

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

Wayside Food Programs is uniquely qualified for multiple reasons: 30+ years of expertise in hunger relief; a respected leader and efficient operation to effectively distribute USDA foods; shared network of ending hunger organizations; fleet of trucks for countywide distributions; field representatives for inspections and monitoring of non-profits; emergency response capabilities; and all the necessary equipment to assemble loads of food (lifts, volunteers and staff, reefer units, etc.).

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
