source is the most economical, effective and appropriate means of fulfilling a demonstrated need.

If a different authorization specifically allows for this non-competitive procurement, please provide that reference here:

Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

- a. **John F Murphy Homes is a special purpose private school that serves children with disabilities who are not successful in public schools.**
- b. **IDEA, CFR, §1400 (d) (1) – (4); MRSA 20-A §7001 (2a), (6) both statutes provide that children identified as receiving special education services are entitled to a free and appropriate education. MRSA 20-A §15689-A 1. A.B.C.D. determines that the special education costs for State Agency Clients must be paid by the department in the allocation year at 100% of the actual costs.**

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

The Maine Department of Education does not provide direct services to children with disabilities.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

Students are placed at John F Murphy Homes by their IEP team. The DOE does not make decisions as to where the students receive the educational services. Therefore, the DOE must make funds available to this vendor for the services provided to State Agency Clients.

The DOE has a yearly approval process and rate setting process for each special purpose private school in the State of Maine.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

Students are placed at John F Murphy Homes by their IEP team. The DOE does not make decisions as to where the students receive their educational services. Therefore, this procurement does not lend itself to the use of a formal competitive process.

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

Each special purpose private school operates and specializes in supporting children with learning disabilities in their special educational program.

**** Please see attached justification**

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
