PART III: SUPPLEMENTAL INFORMATION
Please respond to ALL of the following:
1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.
<p>There is a critical need to contract for psychiatric and medical services which must be provided by licensed and credentialed medical professionals. These services are needed to provide psychiatric and medical treatment to persons with serious and persistent mental illness as mandated by licensing via State of Maine DLRS and CMS. There are currently no PNP state-line positions at DDPC, necessitating the need for contracted resources.</p>

PART III: SUPPLEMENTAL INFORMATION

2. Provide a brief justification for the selected vendor to supplement the response in Part II.

Liberty Healthcare has remained consistent in supporting the Department to meet the Consent Decree and certification challenges. For the past several years, DDPC has had a standing relationship with Liberty Healthcare to recruit and retain medical staff. When the court mandated that RPC address the issue of transient psychiatrists and the negative effect this was having on continuity of care for patients, Liberty Healthcare has responded to the needs of DDPC with high quality Nationally Board Certified full-time and long term part-time, medical staff.

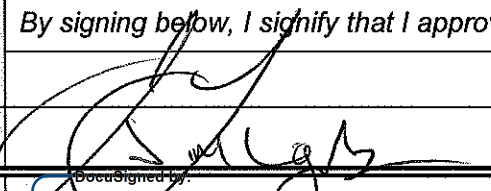

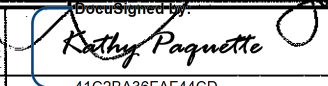

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

The cost was determined based on the existing contract's rates. This amendment does not change the rate, just increases the contract amount to get through another fiscal year.

4. Describe the plan for future competition for the goods or services.

All existing resources will remain on this existing contract, while all new resources will be obtained through the Departments master agreement for Recruitment and Payroll Services.
