PART III: SUPPLEMENTAL INFORMATION

1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.

The Board of Real Estate Appraisers licenses and regulates Appraisers in the state. The Board is required to investigate complaints involving complex appraisals prepared by licensees in the course of their business. Such investigations require a thorough knowledge of both State and Federal requirements applicable to appraisers when preparing appraisal reports.

2. Provide a brief justification for the selected vendor to supplement the response in Part II. Reference the RFP number, if applicable.

Marc E. Goulet has served as an investigator for the Board of Real Estate Appraisers for a number of years and has experience in researching, evaluating and investigating various types of appraisals.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

The negotiated fee is comparable to fees negotiated by similar professional services.

4. Describe the plan for future competition for the goods or services.

Services are required on an ongoing basis throughout the year, based upon the complexity of complaints received. It would require another contractor a significant period of time to reach the capability level of Mr. Goulet in understanding investigation methods, record keeping, and testifying in hearings before the Board. These services are complex and narrowly focused on a particular profession. Future competition has not been explored at this time but may be in the future.
