Please respond to ALL of the questions in the following sections.

PART III: SUPPLEMENTAL INFORMATION

1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.

The purpose of this Contract is to provide expert knowledge and capacity to the Equity Subcommittee of the Maine Climate Council, which over the course of 2022 will refine, prioritize, and develop metrics for its 57 draft recommendations regarding equitable implementation of Maine Won't Wait, the state's 4 year climate action plan. This contract will help fulfill the direction given by the climate action plan, and will result in indicators to measure equitable climate action statewide.

2. Provide a brief justification for the selected vendor to supplement the response in Part II. Reference the RFP number, if applicable.

The provider brings 12 years of cross-country experience in clean energy and energy efficiency program research, measurement and evaluation, with a focus on historically underserved and disadvantaged people and communities. She is a looked-to national leader in energy equity measurement and evaluation, and has recently supported equity and environmental justice framework evaluation in Maine through a grant provided by the US Climate Alliance, a partner organization of which Maine is a member. The provider is one of few consultants who has worked nationally on this combination of initiatives, and coupled with her location in Maine (and ability to collaborate directly with GOPIF and State Agency staff), her combination of national climate and energy equity work, rigorous EM&V experience, and presence in Maine make her uniquely qualified for this work.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

The provider is being paid at a rate equivalent to \$130/hr. This is a competitive rate to current contracts which GOPIF maintains for consultant and facilitator support. This capacity is also necessary to complete the work required by the Equity Subcommittee.

4. Describe the plan for future competition for the goods or services.

Upon the conclusion of this work (December 2022), we do not expect further consultant services to be required.

PART IV: AMERICAN RESCUE PLAN ACT (ARPA) / MAINE JOBS & RECOVERY PLAN (MJRP)

Does this request utilize ARPA/MJRP funds?

☐ Yes – If Yes, please attach the approved Business Case(s).

☒ No – If No, proceed to Part V.
