Please respond to ALL of the questions in the following sections.

PART III: SUPPLEMENTAL INFORMATION

1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.

There is a need for youth residing in Aroostook, Piscataquis and Penobscot Counties who are moderate to high risk on the YLS/CMI and between the ages of 16-21 with a history of school failure, expulsion or are under court order to stay away from school in accessing alternative education services. Young people need a range of skills, both basic academic skills as well as the ability to apply these skills and knowledge in the workplace or other living situations.

2. Provide a brief justification for the selected vendor to supplement the response in Part II. Reference the RFP number, if applicable.

The vendor has a long history working with Department of Juvenile services youth successfully in multiple sites within Region 3. This vendor can admit and provide educational services to any DJS referred youth in their catchment when the youths sending school is not an option (due to suspension, expulsion, or court orders ruling the youth not to return). This vendor has the unique skill of accepting and providing both education as well as advocacy for the youth in returning to their sending school when feasible. The vendor has multiple sites scattered within Region 3. The funding contract will be structured as a grant allowing the vendor to access and utilize all allotted funds. The vendor will accept all DJS youth referred.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

This amendment is to extend the contract until 6/30/2024, as there was unspent funds in FY23 due to staffing vacancies. A full budget will be included with the contract submission. The department deems this fair and reasonable.

4. Describe the plan for future competition for the goods or services.

The addition of new alternative education program being constructed within the specific region—meeting or exceeding Department of Education requirements currently being attained by the Carleton Project is highly unlikely due to the strict DOE requirements for such programs. In the event an alternative education programs arises; the Department would use the RFP process to attain competitive bids and award the organization with the best proposal score.
