PART III: SUPPLEMENTAL INFORMATION

1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.

The provider shall deliver "desktop" technical appraisal review services to UASFLA/Yellow Book, USPAP, federal regulations, and contracting and supplemental standards issued by MDIFW. The Provider shall perform all services and maintain all standards and requirements for services provided under this Contract in accordance with the Federal Regulations contained in 49 CFR part 24. MDIFW will request at least 5 appraisal reviews at a cost of up to \$1,500 each.

2. Provide a brief justification for the selected vendor to supplement the response in Part II. Reference the RFP number, if applicable.

Due diligence procedures for purchasing land require an appraisal of the highest and best use of the property to establish a fair price for the land. Some funding grants require appraisals to the USPAP standard, some to the more rigorous UASFLA standard. In either case, a review of the appraisal is required by an appraiser other than the one that wrote the report, in order to provide a third-party check on the validity of the appraised value and the appraisal report. Forest Intel, LLC is one of the few companies in Maine that has the experience and familiarity with UASFLA standards and review requirements to provide the services the state needs.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

Forest Intel, LLC has done UASFLA appraisal reports for the state in the past. The per-review price offered is consistent with other reviewers' prices.

4. Describe the plan for future competition for the goods or services.

The state will continue to track prices for appraisal and appraisal review services in the state and negotiate for the best prices for services which meet the state's needs.
