Please respond to ALL of the questions in the following sections.

### PART III: SUPPLEMENTAL INFORMATION

1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.

The purpose of this Agreement is to purchase Hygiene Care Kits and Wound Care Kits

Maine's Office of Behavioral Health intends to use SORP funding to support purchasing hygiene kits to be distributed to people with problematic substance use patterns. Kits will include hand sanitizer, soap, and other basic hygiene supplies to ensure good public health. These kits are expected to be distributed through street outreach, post-overdose clinical responders (OPTIONS Liaisons), housing support programs, and other service sites that have frequent contact with the SUD population.

The primary goal of the Wound Care Kit purchase is to increase public health in the population of individuals struggling with substance misuse; with the secondary goals of connecting individuals with substance use disorder to treatment, and recovery resources; and reducing stigma via the OPTIONS Liaisons. The OPTIONS Campaign aims to engage individuals in our communities who may be at risk of overdose in a meaningful and practical manner. Maine's Office of Behavioral Health intends to use SOR4 carry-over funding to support purchasing Wound Care Kits to be distributed to people with problematic substance use patterns. Kits will include surgical gloves, sterile saline, antibiotic ointment, Benzalkonium Chloride Towelettes, sterile gauze pads, sterile bandages, sterile skin closure strips, and sheets of herbal wound healing salve. These items will be contained and distributed in a zippered pouch that will have half of the pouches imprinted with the OPTIONS logo and half with no imprint. These kits are expected to be distributed through street outreach, post-overdose clinical responders (OPTIONS Liaisons), housing support programs, and other service sites that have frequent contact with the SUD population.

2. Provide a brief justification for the selected vendor to supplement the response in Part II. Reference the solicitation (RFP/RFA/RFPQ) number if applicable.

OBH had a similar contract with this vendor for COVID testing kits during the PHE, and for wound care and hygiene kits in 2025. They were recommended by the Maine CDC and are on the State Approved Vendors List. This vendor has a track record of quality and on time delivery. The current funding, based on grant requirements, is time sensitive, not allowing for new sourcing search. Also, the current pricing structure would increase if there is significant administrative delay.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

This is one time funding available through SOR grants for Hygiene Kits and Wound care Kits

4. Describe the plan for future competition for the goods or services.

The Department does not intend to competitively procure this service. The recommendation for utilizing SORP funds was made in collaboration with the OBH SUD Division Manager/SOTA and the SOR Project Director.
