Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

Peer Support at Mid Coast Hospital Emergency Dept.:

Peer Support Specialists assist patients who are present at the Emergency Dept. to work through their crisis and support them in their visit to the Emergency Dept. Peers work collaboratively with Maine Medical staff to find the most appropriate and least restrictive disposition.

Peer Support Specialist staff shall be individuals with a history as a consumer of mental health services and a history of recovery work. The program will be staffed by peers who have completed peer support and recovery training, including the Department's Intentional Peer Support Specialist training, and specific training in the hospital's Emergency Department policies and practices. This provider has an MOU with the participating hospital.

Warm Line:

This service was awarded via RFP in 2010 #200904435. A peer support telephone warm line is staffed by paid peer supporters trained in Intentional Peer Support. This service is distinct from a crisis service and may be consumer or agency operated. It is designed for the purpose of engaging with adult mental health consumers and developing mutual relationships and connections that lead to growth, change and development of natural supports in one's own community.

The purpose of this agreement is to extend the end date due to the RFP extension.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

The Department does not have the resources to provide this service.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

Costs for this program are based on negotiations with SAMHS and are consistent with the original contract.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

SAMHS has added this service to the RFP schedule and agreement date will begin on 10/1/19.

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

Peer Support in the ED:

This provider is qualified to provide this service because they have an MOU currently in place with Mercy Hospital documenting a formal relationship between ED staff and certified Peer Support Specialists.

Warmline:

The provider is experienced in managing the broadest array of peer services in the state with staff that understands their role in providing both Warm Line and Peers in Emergency Department services. They have the experience and support to receive calls from consumers who are all over the state to provide a venue for consumers to strengthen recovery plans, fend off isolation and develop natural supports of their own. Peers in Emergency Departments are trained to meet with consumers in crisis to help work through the crisis and avoid hospitalizations. This service is specific to the hospital in Brunswick and is complementary to what is directed in the AMHI Consent Decree.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
