Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non- competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

This Dental Clinic was established in the late 1990's to provide dental services to Mental Health consumers. It was mandated by the AMHI Consent Decree to help alleviate the backlog of mental health patients needing dental care with local area dentists. Riverview Psychiatric Center operates a Dental Clinic in Augusta, Maine (Region II). In order to keep up with the demand for dental services for our clients, we need to renew our current Dental Services Contract to provide dental services for our clients in the central Maine area.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

There are no other public resources either state or federal available to provide dental services in this part of the state.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

The cost of this contract is within the average salary reported for dentist in this area as reported by "General Dentist Jobs In Maine" publication.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

The Department does not intend to RFP these services in order to maintain patient continuity of care.

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

Community Dental has been able to provide the clinic with dental health professionals for the past several years. There is a serious shortage of dental professionals in the state of Maine which makes them extremely difficult to recruit. This is a specialized service and Community Dental is the only agency in the area that is capable of providing dental services for our Clients.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
