competitive procurement, please provide that reference here:

Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

All courts in the state of Maine will be running the Odyssey Courts Management System replacing the current Legacy system. This system will exchange the data between the Odyssey and the METRO Switch, including the Warrants, conditions of Release (Bails) and Protection orders (PO). This phase is the design and configuration of the interface needed to this project.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

This is not available by any state or federal entity.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

There are no competitors to CPI for supporting and hosting this service. In order to replace CPI, Maine would need to replace the Metro system.

- The cost for another Vendor to recreate a Metro System would be millions of dollars.
The cost of roll out to all Maine Law Enforcement and all Maine Dispatch Centers would be millions of dollars.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

There is no competition for this Vendor at this time. It is a proprietary system which has been in use for 36 years.

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

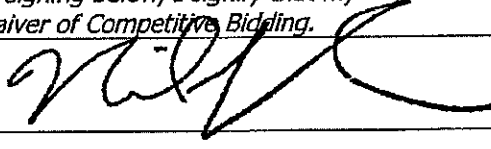

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.

\$279,500 of funding is need to complete the 2nd phase of the Court's Odyssey project on the Metro Switch. The complexity of the scope of work for this project was much larger than anticipated, as well as the cost. This caused a delay in getting the contract done earlier as this required additional conversations with all parties involved to develop a plan.

Signature of requesting Department's Commissioner or Chief Executive (or designee within the Commissioner's Office):	<i>By signing below, I signify that my Department requests, and I approve of, this Waiver of Competitive Bidding.</i>
