State of Maine Waiver of Competitive Bidding Request Form

If a different authorization specifically allows for this non-competitive procurement, please provide that reference here:

Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

In 2002, the Office of MaineCare Services was granted a Section 1115 Demonstration Waiver from the Centers for Medicare and Medicaid Services (CMS) to expand services to lower income Mainers living with HIV/AIDS. In 2019, the demonstration waiver was extended through 2028 by CMS. CMS requires that all states approved for demonstration waivers must conduct evaluation to understand successes and challenges associated with implementation of waivers to inform future direction of programs and inform stakeholders. The Provider shall design an evaluation plan that complies with CMS standards to determine the extent to which the demonstration has achieved its goals.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

Sufficient staffing, resources, or expertise is not available within the State of Maine's government.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

The cost to complete this project is reasonable based on MaineCare's experience with other firms. In addition, the Provider performs similar services for the Maine CDC and the Office of Family Independence, and costs are consistent with those contracts.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

Since this is a time-limited services, the Department does not intend to competitively bid.

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

The Provider is nationally recognized for its work in the design and implementation of comprehensive public health evaluations, including the HIV Prevention Capacity Building Assistance for the Federal CDC and SAMHSA Behavioral Health and HIV Technical Assistance Center. In addition, the Provider has a history of project work for the Department's CDC and OFI, and has a strong background working with the Department's data. Staff proposed for this project offer extensive subject matter and technical expertise. The combination of this knowledge and experience allows Altarum to perform the requested services more efficiently and cost effectively than pursuing the project with other resources.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
