	If a different authorization specifically allows for this non-competitive procurement, please provide that reference here:

Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

Backhoe was taken out of service and sent to Beauregard Equipment because front axle had worn center pin and axle joints had play, A/C not working, water pump leak and rear valve was leaking. Additionally, pins and bushings were worn out on the rear backhoe.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

Beauregard Equipment is the only Case construction equipment dealer in the State of Maine. They have the proper tooling to perform this work efficiently resulting in quicker turnaround of the backhoe.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

They are the only Case construction equipment dealer in the State of Maine that has the proper tooling and training to turn the repair around quickly, so DOT can do the spring/summer projects we have planned.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

If we could convince more dealers to move into this state, it would foster better competition.

Please note that only one of the two points below (“Uniqueness” or “Timeframe”) requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

This unit is a backhoe and is used for ditching and culvert replacement operations to keep our roadways safe. Using this vendor gives us a much faster turnaround time due to location and expertise of the vendor.

Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
