Please note that the following four points below (#2 through 5) all require a response.

2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non- competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

The striping system on each truck is a very complex system that was custom-built by MB Company with very specific components. Original parts and support ensure that our equipment continues to perform as designed and allows us to maintain a reliable work schedule throughout our limited striping season

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

No other state, local, or federal entities can supply the parts needed for the MB striping system on these five strippers.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

MB Company maintains a retail list of parts that are available for their equipment. They have provided MaineDOT with a 10% discount off this retail pricing. See attached letter and price list.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

Competition is ensured at the equipment-purchase level. However, once the equipment is purchased, it must be maintained using the parts applicable to that equipment.

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

Parts supplied by MB Company are the parts required to repair these trucks.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.

There is no emergency.
