	<p>E. The purchase is part of a cooperative project between the State and the University of Maine System, the Maine Community College System, the Maine Maritime Academy, or a private, nonprofit, regionally accredited institution of higher education with a main campus in this State involving:</p> <p>(1) An activity assisting a state agency and enhancing the ability of the university system, community college system, Maine Maritime Academy, or a private, nonprofit, regionally accredited institution of higher education with a main campus in this State to fulfill its mission of teaching, research, and public service;</p> <p>(2) A sharing of project responsibilities and, when appropriate, costs;</p> <p><i>If citing the above justification for this sole source request, please note that the specific approval of the Governor's Office is required, in accordance with Executive Order 26 FY 11/12, "An Order to Enhance Competitive Bidding". The approval must be documented on DAFS/BGS/Division of Procurement Services "GOVCOOP" form, found here: http://www.maine.gov/purchases/info/forms/govcoop.doc.</i></p>
	F. The procurement of goods or services involves expenditures of \$10,000 or less, in which case the Director of the Bureau of General Services may accept oral proposals or bids;
	G. The procurement of goods or services involves expenditures of \$10,000 or less, and procurement from a single source is the most economical, effective and appropriate means of fulfilling a demonstrated need.
	If a different authorization specifically allows for this non-competitive procurement, please provide that reference here:
Please note that the following four points below (#2 through 5) <u>all</u> require a response.	
<p>2. Description of Specific Need Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.</p> <p>The purpose of the project is to enhance state and federal surveillance of unintentional fatal and nonfatal opioid overdoses, in close partnership with Maine CDC and the Office of Attorney General (OAG) and the Office of Chief Medical Examiner (OCME). The project has been funded by the U.S. Centers for Disease Control, National Center for Injury Prevention and Control, in the form of a cooperative agreement with the Maine Department of Health and Human Services.</p> <p>Marcella H. Sorg, Research Professor, Margaret Chase Smith Policy Center, is the PI of this contract at the University; she is named in the State's proposal as the co-PI of the State's project. Jamie A. Wren, Research Associate, Margaret Chase Smith Policy Center is named as co-PI of the contract at the University; he is named as the PD of the State project. Sorg and Wren lead the implementation of enhanced surveillance-related data collection, analysis, and results dissemination related to fatal and nonfatal opioid overdoses, in collaboration with PI Sara Robinson at the Maine CDC.</p> <p>The system uses the already-existing infrastructure of the National Violent Death Reporting System at the U.S. CDC, of which Maine is a funded, participating state.¹ The new project would collect data about opioid-involved deaths and non-fatal overdoses in an effort to enhance understanding of these events and help design methods to prevent them. Data sources will include a Mortality Component and a Morbidity Component: specifically, (1) medical examiner records of fatal opioid overdoses and (2) de-identified EMS records combined with hospital emergency room discharge records respectively. The project will take place primarily at the Maine Center for Disease Control and the Maine Office of Chief</p>

Medical Examiner.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

Maine currently has no position or office to conduct this type of data collection or research. This is very specific information and has been funded by a federal grant because of the uniqueness and lack of available resources. No private agencies or other organizations are in any capacity to manage this type of project. The lack of state, federal, local, private, nonprofit resources in this area of data collection is one of the factors creating the award for this grant project.

The previously-named project director has completed several epidemiological studies with the Maine Office of Chief Medical Examiner and has had several years of experience with the NVDRS and ESOOS projects.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

Cost is the same as a similar grant with University of Maine.

Unobligated funds in the budget for each project year will not be available beyond the end of the project, 8/31/19.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

This federal grant program was a competitive process and open to any and all eligible candidates to apply. This grant was awarded on an impartial and fair basis. All purchasing of goods and services are on accordance with Maine purchasing guidelines and Federal Government grant requirements.

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

The grant research program requires specific individuals with specific backgrounds. The key participant listed below meets these requirements and have been approved by the federal grant administrators for this awarded work.

Co-PI Marcella Sorg is a medical and forensic anthropologist specializing in health policy, particularly as it concerns public health, public safety, and the investigation of death and injury. She directs the Center's Rural Drug and Alcohol Research Program, which has been monitoring epidemiological indicators of substance abuse, particularly drug related deaths, since 2002.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.

Period of performance: May 1, 2019 – August 31, 2019

Signature of requesting Department's Commissioner or Chief Executive (or designee within the Commissioner's Office):
