Please note that the following four points below (#2 through 5) <u>all</u> require a response.		
2. Description of Specific Need		
Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.		
<p>Sent Truck T11-719 up for a leaking right rear corner head gasket. Our garage was full of work, so sending it out was the fastest way for getting it back in service to finish out the winter season. While working on the head gasket, they found that the EGR coolers were bad also. We had them do them while the truck was torn apart.</p>

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

Being the winter season, the other main garages were full of work also. Sending the truck out was the most efficient way to get the necessary repairs done and the truck back in service.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

Daigle & Houghton could get the truck right in and do the job.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

The other shops around could get the job in for a couple of weeks and have limited trained staff. This makes the completion timeframe unacceptable to MaineDOT.

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

Daigle has all the necessary specialized tools, certified technicians and parts needed for the job which enables the repairs to be done in a timely manner with the least amount of down time during the winter season.

7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
