**3. Availability of other Public Resources**

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

We did an RFP back in 2018 and it was awarded to ETS. I am just increasing the amount of the contract to be able to pay the remaining invoices that will be coming in each month through the end of June, 2019 for FY19 money.

**4. Cost**

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

This was done with an RFP back in 2018.

**5. Future Competition**

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

We are doing an RFP for FY21.

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

**6. Uniqueness**  
Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

This is just to increase the amount of the existing contract so we will be able to pay the remaining invoices that we will be receiving through June 30, 2019 for FY19.

**7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)**  
Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.
