2. Description of Specific Need

Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

DHHS Maine CDC Breast and Cervical Health Program (MBCHP) works to increase access to medically recommended breast and cervical cancer screening and follow-up services by Maine residents. This agreement will support the work of the Downeast Public Health District Council and District Public Health Liaison to increase awareness among Washington county health care providers and residents regarding the importance of receiving regular breast cancer screening tests. They will meet, convene and collaborate with partners of the Downeast Public Health District Council to develop and assess impact of implemented breast cancer awareness strategies to increase breast cancer screening in Washington County.

3. Availability of other Public Resources

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

Sufficient staffing, resources or expertise do not exist in State of Maine government or any other governmental entity to provide this service.

4. Cost

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

The costs assigned are fair and appropriate for the proposed scope of work. The Department considers the negotiated costs reasonable based on the level of effort proposed by the Provider.

5. Future Competition

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

Currently, the vendor is the only state entity with the capacity to deliver these specific services within the geographic and public health district location.

Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.

6. Uniqueness

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

The scope of work is confined to a specific public health district and geographic location. This vendor has developed relationships with the Downeast Public Health District Council and partners and is well suited to provide these services to this area.
