### PART III: SUPPLEMENTAL QUESTIONS

#### 2. Provide a brief justification for the selected vendor to supplement the response in Part II.

Popham Beach State Park is the busiest day use park in the Maine State Park system. In 2018 there were nearly 180,000 visitors to this park. Public safety is of the utmost concern at Maine State Parks. The traffic coming into this park on busy days gets backed up on Route 209. It is essential to have traffic control on Route 209 during these busy days. Phippsburg Police is able to hire a seasonal traffic control officer that directs traffic on Route 209.

Popham Beach State Park does not have the staff, nor do the staff have the training or authority, to direct traffic on Route 209. Phippsburg Police Department receives the appropriate training to perform traffic control and direct traffic on public roads. They also have the authority to issue tickets for traffic and parking violations that occur on Route 209 (outside of the state park).

#### 3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

The Bureau of Parks and Lands negotiated a price with the town of Phippsburg for this service.

#### 4. Describe the plan for future competition for the goods or services.

This service is best conducted by law enforcement. It is most cost effective to use the local law enforcement for this service to reduce travel time and expenses by the contractor.
