Please respond to ALL of the following:

1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.

The Department is contract with IDEXX Laboratories for Mobile Laboratory Services for testing samples for COVID-19. This agreement with IDEXX significantly expanded the State's COVID-19 testing services. This agreement is essential to support the volume of testing necessary to help the state reopen, maintain Maine's low positivity rate, and contain the spread of COVID-19. It is in response to Governor Mill's Civil State of Emergency regarding COVID-19.

PART III: SUPPLEMENTAL INFORMATION

The purpose of this amendment is to extend the end date of the contract an additional six months through December 31, 2021. The amendment also restructures the testing arrangement with IDEXX. Called Lab Services 2.0, it scales back overall testing, and ensures DHHS and IDEXX have the capacity to support COVID-19 testing for the remainder of 2021.

2. Provide a brief justification for the selected vendor to supplement the response in Part II.

IDEXX was originally selected because of their capacity to provide the significant number of test kits to the Department for COVID-19 testing. This contract is an expansion of the partnership in response to the civil emergency and the national public emergency.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

The Department examined and considered available options to provide direct increase to testing capacity; this organization was the only one that could support the Department's need. As such, the Department reviewed and negotiated the pricing, which was deemed acceptable in light of the Governor's Civil State of Emergency.

4. Describe the plan for future competition for the goods or services.
