Please respond to ALL of the questions in the following sections.

PART III: SUPPLEMENTAL INFORMATION

1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.

This purpose of this agreement is to ensure provision of comprehensive General and IV Sedation dental services for individuals with intellectual disabilities (ID) or autism served by OADS. Due to the personal and clinical behavioral characteristics of individuals with ID or autism, IV Sedation may be needed to perform dental procedures. These dental procedures are necessary to maintain the overall health of individuals with ID or autism. The consumers cannot afford dental services and have no alternative means of getting this type of dental care.

2. Provide a brief justification for the selected vendor to supplement the response in Part II. Reference the RFP number, if applicable.

The Department’s Office of Aging and Disability Services (OADS) has determined that this Provider is uniquely qualified to provide these services. The Provider has demonstrated an exceptional level of expertise and ability to serve the unique needs of individuals with ID or autism, who often have significant communication and/or behavioral challenges which compromise their ability to maintain good oral health and make delivery of needed dental services in a clinical office setting particularly difficult. The Provider has also demonstrated the organizational skills needed to coordinate and work as part of an interdisciplinary team to provide dental services under IV Sedation to effectively serve these patients. This Provider has a consistent and excellent patient safety and satisfaction record serving this clinically difficult and challenging population. Further, maintaining continuity of care by the same dental team is crucial to encouraging ongoing patient compliance with good oral health practices and maintaining the overall health and well-being of the population served.

Historically, no other Provider has been able or willing to provide the level of services required. During a previous RFP process in 2008 this Provider was the only dentist who responded.

The provider must have an active license to practice dentistry in the State of Maine from the Maine Board of Dental Practice, a valid unrestricted Drug Enforcement Administration registration, and valid Basic Life Support and Advanced Cardiac Life Support certifications.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

The total agreement cost for these services is based on analysis of the prevailing rates of compensation for the contracted dentist, dental assistant, dental hygienist, Registered Nurse (RN) Practice Manager, and Certified Nurse Anesthetist (CRNA), as well as the cost of supplies required to provide the services.

Since SFY18 this Provider has only had two increases in funding: 1.9% in SFY20 and 1% in SFY22. For SFY26 the Department approved additional funding for this service based on increased supply and labor costs.

4. Describe the plan for future competition for the goods or services.

The Department does not intend to issue an RFP for these services due to the unique service provided.
