PART III: SUPPLEMENTAL INFORMATION

1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.

This is to facilitate the purchase of a variety of eBook titles for use by the Maine public. The selection process is determined by the needs and demands of Maine citizens. This satisfies requirements of the Maine State Library as an Area Reference and Resource Center (ARRCs), which is governed under Maine statute, Title 27.

2. Provide a brief justification for the selected vendor to supplement the response in Part II. Reference the solicitation (RFP/RFA/RFQ) number if applicable.

This purchase is done via Maine InfoNet, which is a cooperative agreement between the Maine State Library and the University of Maine (Orono). Maine InfoNet maintains the cloudLibrary agreement for which eBooks are added for public access for all Maine taxpayers. Maine InfoNet (MIN) is the only entity able to complete this purchase for the State: MIN exists because of a cooperative agreement between the State of Maine via the Maine State Library and the University of Maine.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

The costs of the eBooks are at a fair market rate, and the staff time spent adding titles for access is covered by Maine InfoNet. This is by far the easiest, least expensive, and most efficient way of adding eBook titles for public access.

4. Describe the plan for future competition for the goods or services.

The Maine State Library is currently running an eBooks Task Force that is devoted to finding new and better ways to provide eBook titles to the citizens of Maine. Task force findings will influence further eBook title purchasing.
