PART III: SUPPLEMENTAL INFORMATION

1. Provide a more detailed description and explain the need for the goods, services or grant to supplement the response in Part I.

This template agreement will support 22 MRS §§ 1319-C, 1320, and 1320-A to give the Department authority to inspect dwellings, child-occupied facilities, and childcare facilities for lead hazards under certain circumstances, including when a lead poisoned child is identified, or lead-based substances have been identified or are suspected. This agreement will provide services to the Department to execute this authority. The services to be procured are for environmental lead investigations to identify lead hazards in dwellings, child-occupied facilities, and childcare facilities. Information gathered from investigations is used to prevent child occupants from lead exposure in accordance with the Department's statutory authority to order the removal of lead hazards identified during investigations (22 MRS §1321).

Services under these agreements will be provided in the area(s) indicated in the Payment Rider, as well as in other areas of the state on an as needed basis.

2. Provide a brief justification for the selected vendor to supplement the response in Part II. Reference the solicitation (RFP/RFA/RFQ) number if applicable.

Environmental Lead Inspections can only be performed by risk assessors licensed by the Maine Department of Environmental Protection. These providers were identified to meet the willing and qualified requirements with the RFP 201604094 as a licensed lead risk assessor in Maine and have continued to provide these services through contract renewals. These vendors meet the qualifications required to perform these services.

3. Explain how the negotiated costs or rates are fair and reasonable; or how the funding was allocated to grantee.

Grantees were determined based on continued capacity to provide these services and meeting willing and qualified requirements.

4. Describe the plan for future competition for the goods or services.

The Department does not intend to RFP these services because these identified providers are the only ones in the State of Maine that are licensed to perform these services. If more vendors are identified or a cap on funding is put in place, the Department will RFP these services.
