	E. The purchase is part of a cooperative project between the State and the University of Maine System, the Maine Community College System, the Maine Maritime Academy, or a private, nonprofit, regionally accredited institution of higher education with a main campus in this State involving: (1) An activity assisting a state agency and enhancing the ability of the university system, community college system, Maine Maritime Academy, or a private, nonprofit, regionally accredited institution of higher education with a main campus in this State to fulfill its mission of teaching, research, and public service; (2) A sharing of project responsibilities and, when appropriate, costs;

**Please note that the following four points below (#2 through 5) all require a response.**

**2. Description of Specific Need**

Please identify, and fully describe, the specific problem, requirement, or need the resulting non-competitive contract would address and which makes the goods or services necessary. Explain how the requesting Department determined that the goods or services are critical and/or essential to agency responsibilities or operations.

This Amendment proposes to extend the existing Healthcare Services contract for two months to give the Department and Provider additional time to develop a longer-term contract to provide said services. (The longer-term contract will coincide with the completion of the construction-renovation project at the MCC facility in Windham.) Due to the complexities involved with onboarding a new healthcare provider during heavy construction (a significant challenge by itself), the Department seeks to maintain the current healthcare provider during this time and will seek competitive bids for said services near the end of the construction phase. (The plan is to seek competitive bids to align with the next biennium budget.)

Correctional healthcare is an extremely complex and specialized service. It is also highly regulated (state/federal rules and standards) and the Department aims to meet these requirements in our ongoing efforts to provide quality, comprehensive healthcare services to all prisoners/residents within the MDOC system. The provision of coordinated, evidence-based healthcare services is an essential part of the rehabilitative process which is also a primary goal of the Department. Additionally, a cohesive, cost-effective healthcare system is integral to the safety and security for prisoners/residents

and Department staff, as well as MDOC operations as a whole.

**3. Availability of other Public Resources**

Please explain how the requesting Department concluded that sufficient staffing, resources, or expertise is not available within the State of Maine's government, or other governmental entities (local, other state, or federal agencies) external to the requesting Department, which would be able to address the identified need more efficiently and effectively than the identified vendor.

Maine State government is not equipped to provide this highly specialized service, nor is the Department aware of any other government entity capable of providing this service.

**4. Cost**

Since a waiver of competitive bidding is being requested for this procurement, please explain how the requesting Department concluded the negotiated costs, fees, or rates are **fair and reasonable**.

The rates set forth in this amendment are consistent with rates this provider has charged under the existing contract which the Department considers to be fair and reasonable. The proposed cost is based on the average monthly cost over the past six months (x 2 months).

**5. Future Competition**

Please describe potential opportunities which may be available to foster competition for these goods or services in the future.

June 30, 2019 will mark the end of the 7-year term allotted under RFP #201110173. The Department will seek competitive bids to renew said services to align with the next biennium budget.

**Please note that only one of the two points below ("Uniqueness" or "Timeframe") requires a response. Requesting Departments are not required to respond to both points.**

**6. Uniqueness**

Please explain if the goods or services required are unique to a specific vendor. Describe the unique qualifications, abilities, and/or expertise of the vendor and how those particular unique factors address the specific need identified above. If the vendor has unique equipment, facilities, or proprietary data, also explain the necessity of these particular unique assets.

## State of Maine Waiver of Competitive Bidding Request Form

As stated above, due to the complexities involved with onboarding a new healthcare provider during heavy construction (a significant challenge by itself), the Department seeks to maintain the current healthcare provider until work on the construction-renovation project at the MCC facility in Windham is near complete. The Department believes the incumbent provider is uniquely situated to deliver said services based on the following considerations:

- The professional rapport the Department has established with the incumbent provider over the last seven years
- Specialized programming and outreach activities at various MDOC locations (including evidence-based rehabilitative programs and strategies)
- Statewide, community-based provider network (required for offsite medical services)
- Department wide use of Provider's proprietary Electronic Medical Records system (ERMA)
- Staffing recruitment and retainment strategies (what works and what doesn't) – Provider has initiated a "Visiting Nurses" program to fill nursing vacancies at hard-to-fill locations
- New program initiatives currently underway, such as Medication-Assisted Treatment (MAT) to combat opioid addiction

**7. Timeframe (Complete only if B. is the Statutory Justification marked on Page 1)**

Please explain if time is of the essence and an emergency exists which requires the immediate procurement of goods or services. Describe the nature of this emergency, provide the date by which the goods or services must be delivered, and explain how that date was determined and its significance (i.e. impact if delayed beyond this date). Also, provide information as to how it was determined this vendor is the best option to address this time-sensitive procurement.

**Signature of requesting Department's Commissioner or Chief Executive (or designee within the Commissioner's Office):**
